## Elementary Physical Education Program – Yearly Fee

June 12, 2017

Dear Parents,

In elementary Physical Education classes, there are a number of field trips that take place off school premises which enhance the elementary Physical Education program and meet the requirements of the Ministry of Education prescribed curriculum. British Columbia's new curriculum in the area of Physical and Health Education directs students to "develop and apply a variety of fundamental movement skills in a variety of physical activities and environments." Experiencing a variety of physical activities and experiences will help our students develop an enjoyment for being active and leading healthy lifestyles.

Parents are asked to please pay a **one-time fee** of **\$50.00** which will cover PE field trip expenses for the coming school year. This will eliminate the need of collecting small amounts of money multiple times throughout the school year for Physical Education field trips. *Please note that permission slips will continue to be sent home prior to each event to ensure parents are aware of the details and inherent risks involved in each activity.*

The \$50.00 fee will cover the cost of the following activities (*some activities may vary from year-to-year*):

| PRIMARY CLASSES  | INTERMEDIATE CLASSES   |
