

Elementary Physical Education Program – Yearly Fee

Dear Parents,

In elementary Physical Education, there are several field trips that take place off school premises which enhance the elementary Physical Education program and meet the requirements of the Ministry of Education prescribed curriculum. British Columbia's new curriculum in Physical and Health Education directs students to "develop and apply a variety of fundamental movement skills in a variety of physical activities and environments." Experiencing a variety of physical activities and experiences will help our students develop an enjoyment for being active and leading healthy lifestyles.

Parents are asked to please pay in September a one-time fee of **\$50** per child from Kindergarten - Grade 7. These fees will help cover our PE field trip expenses for the coming school year. This will eliminate the need to collect small amounts of money multiple times throughout the school year for Physical Education field trips. Please note that permission slips will continue to be sent home prior to each event to ensure parents are aware of the details and inherent risks involved in each activity.

The fees will cover the cost of various planned activities. Some examples are listed below, however, some may vary from year to year based on time, schedule conflicts and availability.

PRIMARY CLASSES (\$50 FEE)	INTERMEDIATE CLASSES (\$50 FEE)
Fees cover: Busing costs (to & from the activity) Possible activities include bowling, skating, gymnastics, rock climbing (climbing gym), and others depending on availability and cost.	Fees cover: Busing costs (to & from the activity) Possible activities include bowling, skating, gymnastics/parkour, rock climbing (climbing gym), cross-country skiing, snowshoeing, ultimate frisbee and more depending on time, availability and cost.
